Lanerossi, una storia lunga 200 anni

Lanerossi, a 200-year-old story

Dal 1817, Lanerossi progetta e realizza prodotti tessili per interni con materie prime eccellenti. Ogni giorno, armonizzando creatività, ricerca e artigianalità, ci proponiamo di migliorare la qualità degli ambienti per far sì che riflettano al meglio il carattere di chi vi abita. Grazie a un'organizzazione verticalizzata, Lanerossi garantisce che ogni prodotto venga realizzato con la massima cura per il dettaglio. Design, tecnologia all'avanguardia e competenza tecnica si armonizzano in ciascun articolo, frutto dell'eccellente lavorazione delle fibre pregiate.

Since 1817, Lanerossi has been designing and manufacturing interior textiles using the finest raw materials. Every day, by combining creativity, research and craftsmanship, we aim to improve the quality of interiors so that they fully reflect the personality of the people inhabiting them. Lanerossi's vertical organisational structure guarantees that every product is manufactured with the utmost attention to detail. Design, cutting-edge technology and technical expertise are harmonised in each product, the result of outstanding workmanship using high-quality fibres.

Qualità e sostenibilità

L'attenzione per la qualità delle materie prime rappresenta uno dei capisaldi della filosofia e della produzione di Lanerossi. Per mantenere alti gli standard di pregio, selezioniamo le lane migliori cercando di verificarne l'esatta provenienza. Così, ogni giorno, oltre a rendere sempre più sostenibili i propri articoli, Lanerossi si impegna a tutelare il benessere degli animali. La Lana, proveniente dall'Australia e dalla Nuova Zelanda, viene accuratamente selezionata. Cina e Mongolia sono invece patria del Cashmere che, essendo una fibra nobile, viene scelta solo dai migliori allevamenti. Lanerossi si impegna ad adoperare materie naturali, come la Canapa. Vantando una particolare resistenza e lucentezza, questo materiale non necessita alcun pesticida per essere coltivato. Il Lino, prodotto naturale e amico dell'ambiente, viene accuratamente selezionato e certificato Master of Linen®.

The attention paid to the quality of raw materials is one of the cornerstones at the heart of Lanerossi production and philosophy. In order to maintain high standards, we select the best wools, checking their exact origin. Lanerossi is therefore committed to protecting animal welfare on a daily basis, in addition to making its products more sustainable. Wool from Australia and New Zealand is carefully selected. China and Mongolia are the home of Cashmere which, being a noble fibre, is chosen only from the best farms. Lanerossi is committed to using natural materials such as hemp. Boasting a special strength and lustre, this material does not require pesticides to be cultivated. Linen, a natural and environmentally friendly product, is carefully selected by the Linificio Canapificio Nazionale and certified Master of Linen®.

Quality and sustainability

PURE NEW WOOL

WOOLMARK® PURE NEW WOOL
Sono certificati WOOLMARK® PURE NEW WOOL i prodotti Lanerossi realizzati utilizzando Pura Lana Vergine. Questa certificazione è internazionale garanzia di contenuto e di qualità e attesta il rispetto di stringenti standard qualitativi.

WOOLMARK® PURE NEW WOOL
Lanerossi products made from pure new wool are WOOLMARK® PURE NEW WOOL certified. This international certification is a guarantee as to the composition and quality of the item, attesting to compliance with rigorous qualitative standards.

ENERGIA RINNOVABILE

Particolare attenzione viene posta ai consumi energetici, che sono coperti in misura crescente da energia rinnovabile prodotta internamente, attraverso l'installazione di impianti fotovoltaici sulle coperture degli stabilimenti produttivi.

RENEWABLE ENERGY

Special attention is paid to energy consumption that is covered on an increasing measure from in-house renewable energy, produced through the installation of solar photovoltaic systems on the roofs of the production plants.

STANDARD 100 by OEKO-TEX®
Lo STANDARD 100 by OEKO-TEX® garantisce che i prodotti Lanerossi realizzati interamente in lana vergine siano privi di sostanze nocive e quindi siano sicuri per la salute umana e per l'ambiente. Questa certificazione inoltre regola e garantisce che le eventuali sostanze prodotte durante le fasi di lavorazione dell'articolo siano al di sotto dei limiti previsti dagli standard OEKO-TEX.

STANDARD 100 by OEKO-TEX®
STANDARD 100 by OEKO-TEX® certification guarantees that Lanerossi products in pure new wool are free of harmful substances and thus safe for people and the environment. This certification also regulates the substances produced during each step of the manufacturing process, ensuring that they remain within the limits established by OEKO-TEX standards.

GLOBAL ORGANIC TEXTILE STANDARD (GOTS)

Sono certificati Global Organic Standard (GOTS) i prodotti Lanerossi realizzati utilizzando fibre naturali biologiche. Il Global Organic Textile Standard è stato sviluppato al fine di garantire al consumatore che i prodotti tessili biologici siano ottenuti nel rispetto di stringenti criteri ambientali e sociali applicati a tutti i livelli della produzione, dalla raccolta delle fibre naturali alle successive fasi manifatturiere, fino all'etichettatura del prodotto finito.

GLOBAL ORGANIC TEXTILE STANDARD (GOTS)

Lanerossi products made of biological natural fibers are Global Organic Standard (GOTS) certified. The Global Organic Textile Standard was developed to guarantee to consumers that biological textile products have been obtained concerning strict environmental and social criteria applied on all production levels, from the harvest of natural fibers to the successive manufacturing phases, up to the labeling of the finished product.

GLOBAL RECYCLED STANDARD (GRS)
Sono certificati Global Recycled Standard (GRS) i prodotti Lanerossi realizzati utilizzando fibre da riciclo pre-consumo. Global Recycled Standard punta a favorire la riduzione del consumo di risorse (materie prime vergini, acqua ed energia) e ad aumentare la qualità dei prodotti riciclati applicando rigidi criteri di sostenibilità sociale e ambientale che regolano i diritti dei lavoratori, la tracciabilità della produzione, l'uso di sostanze chimiche, l'approvvigionamento idrico, il recupero energetico, le emissioni e la gestione dei rifiuti.

GLOBAL RECYCLED STANDARD (GRS)
Lanerossi products made of pre-consumer recycled fibres are Global Recycled Standard (GRS) certified. The goal of the Global Recycled Standard is to reduce the consumption of resources (new raw materials, water, energy, etc.) and increase the quality of recycled goods by applying strict social and environmental sustainability criteria that guarantee workers' rights and product traceability while regulating chemical use, the water supply, energy recovery, emissions and waste management.

RESPONSIBLE ANIMA FIBER (RAF)
I prodotti Lanerossi certificati Responsible Wool Standard (RWS) e Responsible Mohair Standard (RMS) contengono lana e mohair proveniente da allevamenti gestiti in modo responsabile nel rispetto di stringenti criteri per il benessere animale e per la riduzione dell'impatto ambientale, mantenendo la tracciabilità lungo l'intero processo produttivo.

RESPONSIBLE ANIMA FIBER (RAF)
Lanerossi's Responsible Wool Standard (RWS) and Responsible Mohair Standard (RMS) certified products are made with wool and mohair from responsibly managed farms that meet stringent animal welfare and environmental impact standards and ensure traceability throughout the production process.

Memory is my Home

Memory is my Home è un progetto nato dal desiderio di raccontare l'intento culturale e artistico presente alla base di ogni articolo Lanerossi. I plaid Triennale e Triennale 2, rieditati rispettivamente nel 2021 e 2022, reinterpretano i disegni presentati all'esposizione del 1933 e del 1936. Il plaid Ricordi rende omaggio al disegno originale presentato da Lanerossi nel 1970. Recuperando la ricchezza dell'archivio, Memory is my Home dona nuova vita a materiali e prodotti che, dopo anni di storia, conservano ancora tutto il loro fascino e pregio.

Memory is my Home is a project stemming from the desire to convey the cultural and artistic spirit that underlies every Lanerossi piece. The Triennale and Triennale 2 plaids, reissued in 2021 and 2022 respectively, reinterpret the designs presented at the 1933 and 1936 exhibitions. The Ricordi plaid pays homage to the original design presented by Lanerossi in 1970. Drawing on the wealth of the archive, Memory is my Home gives new life to materials and products that, after years of history, still retain all their charm and value.

La collezione Lanerossi 2023 si compone di prodotti che vestono la casa di colori e texture ispirate alle emozioni che ci dona la natura, creati con la passione, la cura e l'expertise che da due secoli ci guida nello sviluppo di prodotti tessili che scaldano e colorano le case di chi ci sceglie.

Contrasti di colori declinati in geometrie contemporanee per plaid, coperte, lenzuola e accappatoi, colori caldi come l'ocra, l'arancio e il beige per fibre naturali come l'alpaca e il cashmere, innovazione tecnologica per la novità della stagione: il plaid in puro cashmere lavabile. Senza dimenticare la collezione bagno in morbida spugna di cotone nei toni caldi del giallo e del rosso.

Una collezione completa e ampia, composta da prodotti pensati come caldi abbracci da cui farsi avvolgere per abitare ogni casa, ogni stile.

Emozioni

The Lanerossi 2023 collection consists of products that adorn the home with colours and textures inspired by the feelings nature bestows upon us. Created with the passion, care and expertise that have driven us for two centuries in developing textile products, each piece is designed to add warmth and colour to the homes of people who choose us.

Contrasting colours in contemporary patterns define the plaids, blankets, sheets and bathrobes, as well as warm colours like ochre, orange and beige that come from natural fibres such as alpaca and cashmere, not to mention the technological innovation of the latest arrival this season: the plaid in pure washable cashmere. Plus, the bathroom collection is made in soft cotton terry in warm shades of yellow and red.

A comprehensive and wide-ranging collection of products designed to be like warm embraces ready to envelop every home, and every style.

Dal 2021 Lanerossi è entrata a far parte del progetto SEAQUAL INITIATIVE.

SEAQUAL INITIATIVE lavora con NGOs, pescatori, autorità e comunità locali per aiutare a pulire i nostri oceani. I rifiuti marini provenienti dalle nostre spiagge, dal fondale e dalla superficie dell'oceano, dai fiumi e dagli estuari, vengono raccolti da programmi di pulizia. Vengono poi suddivisi nei diversi tipi di materiale e la parte in plastica viene pulita e trasformata in Upcycled Marine Plastic. Marchi e produttori attenti all'ambiente trasformano quindi questa nuova materia prima, completamente tracciabile, in prodotti sostenibili per ogni aspetto della nostra vita. Il potere d'acquisto dei consumatori è uno degli strumenti più potenti per il cambiamento. Scegliendo prodotti contenenti plastica marina riciclata, stai aiutando a pulire i nostri oceani.

INSIEME PER UN OCEANO PULITO.

Since 2021 Lanerossi has joined of the SEAQUAL INITIATIVE project.

SEAQUAL INITIATIVE works with NGOs, fishermen, authorities and local communities to help clean our oceans. Marine litter from our beaches, ocean floor and surface, rivers and estuaries, is collected by clean-up programs. It is then sorted into different material types and the plastic portion is cleaned and transformed into Upcycled Marine Plastic. Environmentally conscious brands and manufacturers then transform this new, fully-traceable raw material into inspiring sustainable products for every aspect of our lives. Consumer purchasing power is one of the most powerful tools for change. In choosing products containing Upcycled Marine Plastic, you are helping to clean our oceans.

TOGETHER FOR A CLEAN OCEAN.
